## INSPIRATIONS

## Love Has No Labels

Love Has No Labels is a movement to promote acceptance and inclusion of all people across race, religion, gender, sexual orientation, age and ability. We believe love is the most powerful force to overcome bias. We celebrate diversity and encourage people to live their true selves. Because when we love, together, we can create a more inclusive world.

Since we launched in 2015, we've opened people's hearts and changed people's minds by celebrating diverse friendships and families that break down barriers and build connections.

You can get to know us more by checking out our partners and our work below, and by connecting with us on our social channels.

## MEDIUM

Public transportation advertisements which exist in our daily lives to target as many people as possible.

## CONCEPT

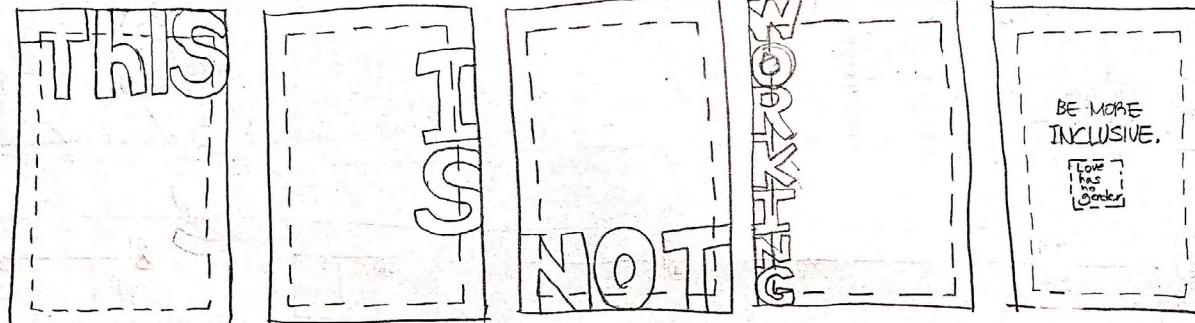

Series posters with different colours and shapes.  
-> showing that there is a certain consistency is important.

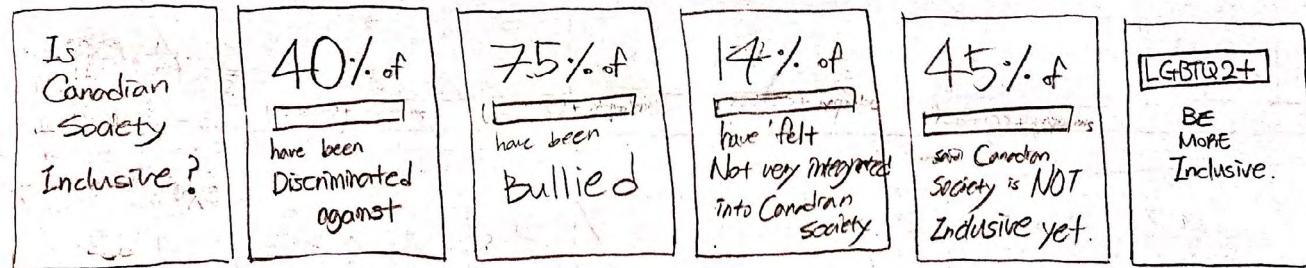

Try different textures, patterns,  
or play around with colours to get  
attention more effectively.

## SKETCHES

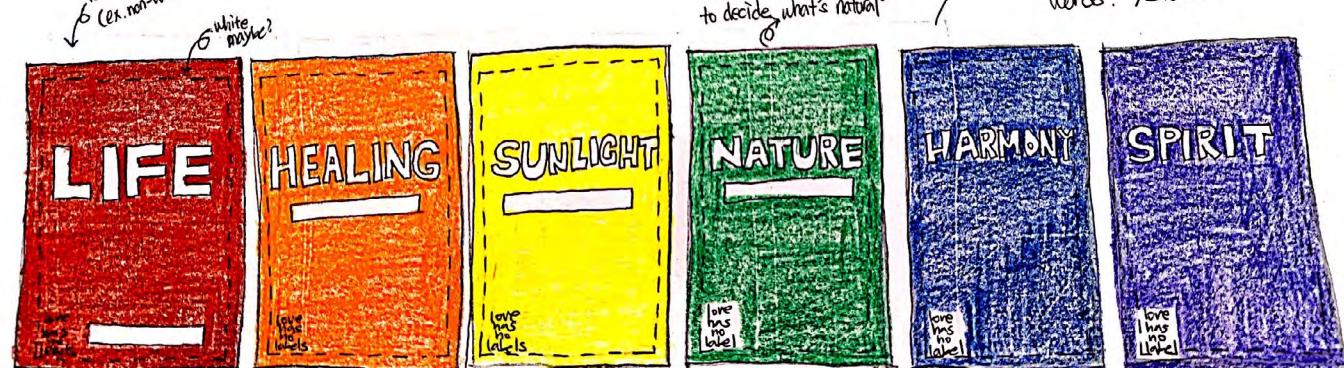

Associated  
with the word  
'marginalizing'.

Based on the  
statistical  
information.

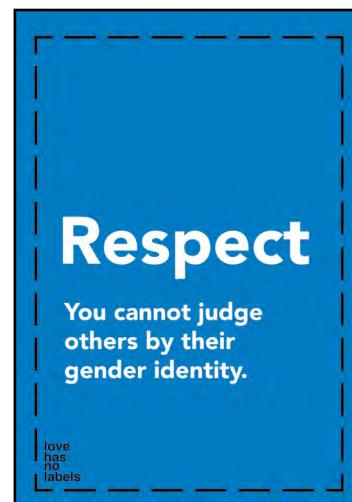

Focus on the  
meaning behind  
the LGBTQ+  
rainbow flag.

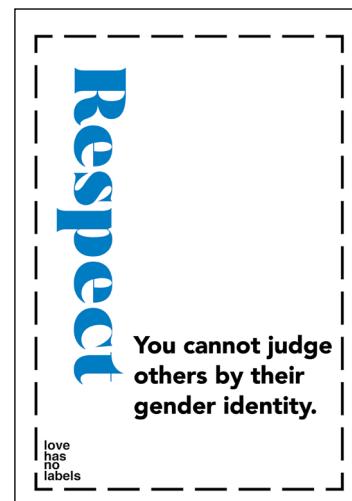

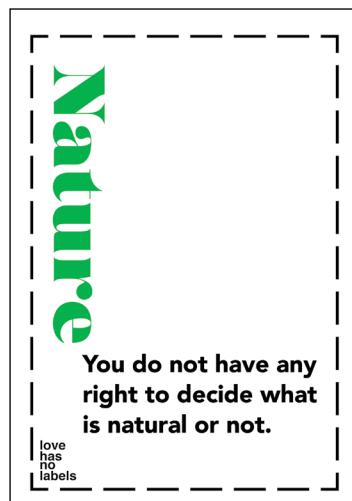

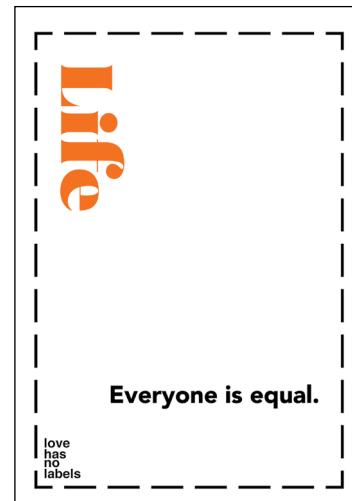

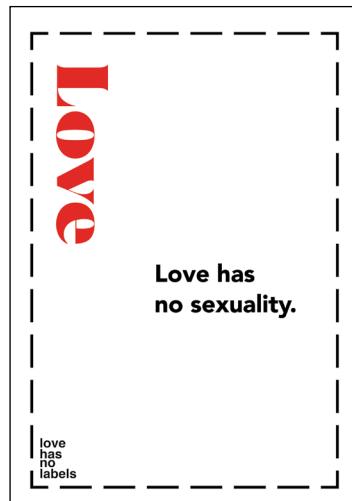

**LAYOUT #1**

- Too simple and it is easy to find posters similar to these everywhere.
- Needs more emphasis and impact.

## LAYOUT #2

- Serif typeface is used and the main words are written vertically.
- The word with colour are weak to be a focal point.

## LAYOUT #3

- Triangular shape with colour is a strong focal point of each poster.
- Text layout is too arbitrary, and the colours are flat.
